BANKING RE-IMAGINED
CHANGING THE FINANCIAL MANAGEMENT LANDSCAPE
HACK THE FINTECH ENVIRONMENT
MAKE FINANCE FUN. ONCE AND FOR ALL

Local Investor

Personal investments

What?

We provide customers
ability to invest their savings
in local business

The problem

- Local small business can't get credit with acceptable interest rate
- Money “stuck” in customers savings

How it works?

Advantages

Personalized offers,
based on Social profile
and purchases history

Customer is motivated to
share request of local
business

Benefits for all

1. More credits = more money
2. Comfortable conditions to small business
3. Interesting way of investing money

It's not a crowdfunding!

- It's short-term crediting
- Payments starting after the first week
- Customers receive money - not shares or products
